

iHeartMedia

Official Contest Rules (6/4/19)

There is no purchase necessary to participate in any iHeartMedia contest. While there is no minimum age requirement to participate in any iHeartMedia contest, there may be a minimum age requirement for specific contests. You must be a Hawaii resident or active duty military stationed in Hawaii to play our contests. iHeartMedia reserves the right to discontinue or reactivate this contest at any time without notice. Any prize not claimed in accordance with these rules will not be awarded.

Unless otherwise stipulated by separate contest rules, a listener can win a MAJOR PRIZE in any iHeartMedia contest once per 30 days. iHeartMedia defines a major prize as any prize valued at or over \$100.00. Any prize valued under \$100.00 is defined as a minor prize. This means that a listener can play different contests (across any iHeartMedia station) within this time period and still win minor prizes. However, once you win in one game (on any iHeartMedia) within 30-day time period, you need to wait 30 days before winning in the same game. One winner per household per contest.

Winner is responsible for all taxes incurred from the winning of the prize. Participation in contests on iHeartMedia stations constitutes consent to the use of participant's voice and likeness in the promotion of the contest. Winner will be asked to sign a release. Not eligible are the employees of iHeartMedia, its advertising agencies and their families. Winner release and agree to hold harmless iHeartMedia, their assigns, their agents and employees from all liability arising out of receipt of or use of prize offered. iHeartMedia reserves the right to offer a substitution prize of similar value during this and all contests. Where necessary; additional separate specific contest rules will apply.

Thank you for playing our contests!
