

UHFCU Financial Assistance Program

Loan Payment Deferment & Skip-A-Payment Form

The UHFCU skip-a-pay program allows you to skip a payment on your personal loan, vehicle loan, line-of-credit as part of the emergency response to the Federal Government Shutdown.

Member Name: _____

Member Number: _____

Loan Type: _____

Next Due Date: _____

To qualify: Members must be in good standing and have suffered a loss of income or had their income interrupted due to the Federal Government Shutdown.

*I understand that deferring a loan payment will result in an extension of the original loan term and that interest will continue to accrue at the rate disclosed in my original loan agreement. No late charges will be imposed during the skip period. Monthly premiums for Debt Protection will continue to be added to the loan during the month skipped. *Vehicle Loans: GAP and/or Warranty Coverage will not be extended beyond the original maturity date.* Real Estate and Credit Cards are not eligible under this program.

I agree that I will resume making scheduled payment beginning with the payments due during the month following the deferral and will make all scheduled payments due thereafter. My next monthly payment may include the finance charge from the skipped month.
